FROM PRINCIPAL'S DESK

Dr. Gajendra Adhikary

MA (Double), Ph.D., P.G. Dip. In Basics of Law

Dakshin Kamrup Girls' College, Mirza, is the lone institute for girls' based on rural and semi-urban background in entire South Bank of river Brahmaputra from West Guwahati to Goalpara. During the last few years the institution has witnessed significant development in academic as well as in infrastructure fields. Construction of a three storied building for Girls' Hostel, (financed by UGC, NERO); a two storied building for Administrative Office, (financed by State Govt. of Assam); one two storied Academic Building (financed by Govt. of Assam) one Sports Complex with modern outfits (financed by UGC, NERO) are few to make references here. For this I sincerely acknowledge the patronage of Assam Government and UGC, NERO, Guwahati.

From 2020 Academic Session, the College was seriously contemplating to enter in to a new dimension of education by starting Science Stream. The Assam Government instructed us to pursue the procedures and sanctioned requisite financial assistance to procure the apparatus. RUSA (Rastriya Uchchar Siksha Abhiyan) granted requisite amount for the construction of a Science Building, Practical Labs and other requirements. Consequently, the amount has been utilized; four Practical labs have already been accomplished and are ready for use. The construction of Science Building too was going on effectively, but due to sudden outbreak of Covid 19 in the state the construction work was disrupted for some days. However, the work has resumed from last month and is in progress. Construction of two class rooms just over the Academic building is going on and is expected to be ready for use in the coming Academic session. Hope our long cherished dream to begin the science stream would be materialized in the stipulated Academic Session.

With outmost devotion, we concord the support that we have been receiving so far from the Education Minister of Assam and state Government. We are highly grateful for overall assistance in functioning the institution and being generous to the students of poor background. Benevolent schemes like: Free admission, free supply of books, 50% Hostel dues, etc. would inspire our students to pursue their vision. May we take the privilege here to appeal to the Education Minister to take the initiative in appointing the teachers for science Stream, so that the new Stream could be commenced from the coming Academic Session. We also humbly make an earnest request to take into consideration the teachers who have been rendering their valuable services to the college against a fixed pay of Rs 8000/- (Eight Thousand) only per month and the members of Non-Teaching staff who have been bestowing indispensable services to the colleges and their posts are not yet sanctioned. They really deserve sympathetic heed from the Government.

The NSS unit of our college which was established in the year 1995 has been rendering their selfless services towards the society and the nation at large always upholding the principle "Not Me But You". It is a matter of pride and honour that one of our students (NSS volunteer) Miss Gitanjali

Das was selected to participate in the prestigious Republic Day Parade Camp 2020 at Rajpath, New Delhi. And Dr. Mitali Kathkatia, Programme Officer, of the NSS unit was chosen as the Contingent Leader for North East Region. I wish both of them and the NSS unit a very bright future.

Simultaneously, the students are also thriving in both Council and University examinations. For this achievement, I owe sincere gratitude to my esteemed colleagues, for rendering yeoman's services. The GU has introduced CBCS (Choice Based Credit System) of education from last Academic Session. I am delighted to announce that the students as well the teachers have made themselves competent in it. The trend of education is changing rapidly. To compete with the new mode of global education, our students need to adapt themselves in every domain. They should keep in mind the Indian philosophy, "yogva bhogya vasundhara" which implies, that only those can survive who has the ability to cope up with the changing environment.

The Sessional examination of the Even Semesters which were to commence from 2nd April 2020 had to be postponed due to Covid 19. My esteemed colleagues had been persistently trying to assist the students through online classes. I therefore, earnestly inculcate to my students to vie with the situation, keep going the momentum, and retain themselves prepared for the exam. Whatever be the consequence, we would have strive to achieve our goal. I implore to my esteemed colleagues and office staff for extending their assistance in guiding this sylvan based institution to higher and greater realm of success.

Some of the notable events of the college during the session 2019-2020 are :

1. Inauguration of the sports complex.
2. Inauguration of women's hostel 2nd floor
3. Laying of foundation stone for science building. (financed by RUSA)
4. Establishment of Science laboratories (Physics, Chemistry, Botany& Zoology) financed by State Govt. of Assam.
5. Organisation of Inter-College, (under Gauhati University) Kho-Kho and Badminton competitions.
6. Beautification certificate course conducted by Assam Skill Development Mission, Guwahati, has been going on in effectively for last ten months and over Ninety participants have taken part in it.
7. Computer Certificate Course has been going on for last twelve months. Over seventy students have been awarded completion certificate.
8. A National Workshop on Research Methodology was organised by IQAC from 5th March to 11th March 2019.
9. One room has been newly built up for Beautician Course.
10. One room has been newly built up for Guardian Association.
11. Two class rooms have been newly constructed on the top of the Academic building.

Finally, I convey my good wishes and warm welcome to all the pupils aspiring to be the members this impressive institution and want to conclude my view with a Sanskrit verse :

*Alasasya kuto vidya avidyasasya kuto dhanam /
Adhansya kuto mitrammitrasya kutoha sukham //*

Meaning: Where is education for an indolent? Where is wealth for an uneducated? Where is friend for a wretched? Where is contentment without a friend?

A SUMMARY OF THE GU UG-CBCS

What is UG-CBCS?

The undergraduate degree (UG) Programme in the **Choice Based Credit System (CBCS)** will have courses spread across six-semesters of any undergraduate degree course. Two consecutive (one odd and one even) semesters will make up an academic year. An UG course shall be of Six Semesters covering three Calendar Years (Academic Sessions - June to May). The duration of the **Odd Semesters** (First, Third and Fifth) shall be **June - November** and that of Even Semesters (Second, Fourth and Sixth) shall be **December - May**.

How does it work?

The courses in GU UG-CBCS are categorised primarily into three types of courses - Core, Elective and Ability / Skill Enhancement courses. All the core and elective courses will comprise of six (6) credits and the skill courses are of four (4) credits.

Core Course

As the name suggests, a core course is a necessary course that a student **MUST** take in order to complete the degree. The number of core courses for Honours and Regular degrees are different.

Elective Course

An elective course is the one for which a student has some kind of freedom to choose from a pool of courses. There are two kinds of elective courses - Generic and Discipline Specific. The generic elective courses are those, which can be chosen by a student belonging to any stream, while the discipline-specific elective course are particular to only the discipline concerned. However, a student pursuing an honours degree course can choose a generic elective from any other discipline except from the honours course itself.

Ability / Skill Enhancement Course

An Ability or Skill Enhancement course is aimed at providing the student with skill and ability. These courses have four (4) credits each in contrast to the core or elective courses. The ability enhancement courses **MUST** be opted by a student and the student can choose papers from a pool of skill enhancement courses.

Dissertation / Project

A student can opt (subject to conditions) a dissertation or a project work in lieu of a 6-credit discipline specific elective course in the sixth semester.

The Notion of Credit

A student needs to earn a required number of **credits** in order to successfully complete a degree. The credit is closely related to the number of stipulated classes a student has to complete. The following table indicates the number of credit a student can earn for each type of indicated classes.
